## Emergency Loan Fund for Women Fleeing Domestic Violence

Amongst the many barriers faced by a woman in removing herself from a violent situation, economics plays a prominent role. Worries of financial obligations and costs of living cause many women to remain in abusive relationships. The BC/Yukon Society of Transition Houses (BCYSTH) has created a *Loan Fund* to be administered provincially to assisting women with a forgivable loan. The goal of this fund is to enable all women an equal opportunity for a fresh and healthy start to a new life.

### About Us

The BC/Yukon Society of Transition Houses (BCYSTH) is a non-profit charitable society representing organizations that serve the needs of abused women and their children. Since 1978 the society has grown to represent over 180 member organizations. BCYSTH has a mandate to work provincially to end violence against women and children. For further information visit our website at [www.bcysth.ca](http://www.bcysth.ca). *Charitable Registration # 135667822RR0001*
